

## Labeling Series Streamfeeder V-1000p Continuous Feeder

### Overview

The V-1000p is designed to feed flat and multi-thickness products continuously into production streams with exceptional alignment qualities. Perfect for lower speed applications where consistent feeding is required such as laminating and reinforcing. The importance of straight feeding and minimizing skewing can help improve label placement accuracy, consistent bar code reading, alignment of products, and more importantly, increased efficiency.

Feed a wide variety of flat and multi-thickness products into production streams for printing, coding, labeling, tabbing, laminating, and more.

### Standard Features

- Repositionable feed belts
- Independent side guide positioning
- Extended guide rails all the way through the feeder
- Two independent adjustable product separators
- Long lasting natural gum rubber feed belts
- Variable speed control
- Maintenance-free stepper motor
- Universal external run interface kit

### Applications (ask us about your application)

Addressing	Laminating	Printing
Labeling	Tabbing	Reinforcing
Scanning	Coding	

### Products (ask us about your products)

Sheet Paper	Backer Board	Folded Documents
Manuals	Collapsed Cartons	Folders
Cardstock	Envelopes	Booklets
Post Cards	Brochures	and more...

### Specifications

Maximum Product Size	12 W x 18 L in (305 x 457 mm)
Minimum Product Size	2.5 W x 3.0 L in (63.5 x 76.2 mm)
Min/Max Product Thickness	.003 - 1.00in (.076 - 25.4 mm)
Belt Speed	2950 in/min (75 m/min)
Utilities	115vac, 60Hz, 3A
Weight	47 lbs. (21.3 kg)
Warranty	Two year limited

*Other sizes and thickness capabilities available. Contact us for your application.*
