## Print System

Walco Systems offers multiple print technologies in varying configurations to fit your needs.

## Options:

### Conveyor Sort/Speed Up

With conveyor controls integrated into the transports & customizable control in the software, sort/speed up is a viable alternative to expensive stackers/sorters.

### Feeder Pause Sort

The feeder can be paused to create a break on the conveyor for sorting.

### Speed Following

Allows Walco System feeders & transports to maintain matching belt speeds, using one speed control.

### Monitor/Keyboard

The spacious articulating platform is large enough to accommodate a full size monitor & keyboard.
